To Whom It May Concern:

I am happy to write a letter of recommendation for Werner Walcher. He was deeply involved in the ZDF documentary about the Yukon Arctic Ultra, which ran in April 2011. From planning through shooting we relied heavily on Werner's knowledge of people, locations and all the things you need to know to succeed and survive despite temperatures that dipped below minus 40 for days.

Werner worked tirelessly as production and location manager, second cameraman and was in charge of all logistics. Having covered the YAU before, he identified great camera positions and drove hours in biting cold on a snowmobile to get that special shot. He is driven, shows great initiative, professionalism and is well organized. Werner has a great sense of humour and connects easily with people. You get the feeling, that Werner knows everybody, and everybody knows Werner in the Yukon.

It was a pleasure working with Werner and I would highly recommend any crew to hire Werner and his company Fresh from the Yukon.
